

# RESORT COMMUNICATIONS SOLUTIONS

*From your independent Sunshine Coast network*

**Design. Build. Local Support.**

## Tailored Broadband

- Provision of optimum speed for resort office and/or guest requirements via our fibre or fixed wireless network.
- Enables IP TV streaming – an essential guest requirement
- Huge savings through removing the need for Foxtel subscriptions.
- Netflix, Stan & Foxtel; run via guests own subscriptions

## VoIP Telephony

- Cost effective Broadband & VoIP bundles
- In-expensive analog to digital upgrade options in preparation for the copper cut off
- Purchase or rental on handsets delivering optimum value choices for ongoing management of resort
- No need for large capital upfront investment

## Resort WiFi

- In room as well as resort wide WiFi solutions;
- All scenarios catered for - high rise and villa style with good existing copper or without
- Fibre, copper, access points and mesh solutions available depending on infrastructure and budget
- Future proofed design for ever increasing bandwidth requirements

**Contact us for a free telecoms audit of your resort.**

OCB can design, implement and support your entire communications set up
